

Mount Royal Golf & Country Estate

ENVIRONMENTAL POLICY

The Mount Royal Golf and Country Estate is located within areas of environmental significance of which the Granite Renosterveld vegetation and Wetland areas are especially noteworthy. The management of Mount Royal has committed itself to ensure that the Golf and Country Estate will be developed in such a manner as to ensure minimum impact on the environment.

In addition it is committed to:

- Continual evaluation and improvement of its environmental performance in accordance with ISO 14001 principles
- Identify all significant environmental aspects of its activities, products or services over which it can be expected to have an influence
- The development and implementation of objectives and targets to control and to minimize the environmental impacts of these activities
- Regularly review these objectives and targets to improve control over and to minimize the environmental impacts associated with these activities
- Protect the identified conservation worthy areas
- Prevent pollution, and to improve waste management and will strive to conserve non-renewable resources wherever possible
- Ensure that disturbance to neighboring communities and other users of the region are kept to a minimum by maintaining close co-operation on environmental matters
- Ensure that environmental awareness and appreciation is cultivated
- Comply with all legal and other requirements imposed by legislation, local authorities and/or international protocols and agreements
- Ensure that organizational and financial resources are allocated to support these commitments
